- 1 2,400 calorie food bar
- 3 8.45 oz. water boxes
- 1 emergency blanket
- 1 light stick - 12 hour
- 9 Wet Wipe towelettes

*Food and water have a **5 year shelf life** and are US Coast Guard approved.*

Kit will have additional room to add a few extra items.

Dear Parents,

Being prepared is the best way to ensure the safety and well-being of our children. As the school year begins, we are making efforts to prepare students and faculty in the event of a disaster.

In conjunction with SOS Survival Products, we have arranged to sell student survival kits.

Each kit is designed to prepare one student for 3-days and contains the supplies listed above. By purchasing one kit you will be helping them and us prepare for disaster.

These kits will last 5 years. This means you only need a new kit once every 5 years.
